

Matroids in Lean: Status Update

Ivan Sergeev

ISTA

5 February 2025

Progress Since Last Meeting

- ▶ 1 week preparation for presentation about magmas
- ▶ Refactoring throughout the whole project
- ▶ Working on “TUness is preserved under pivoting”

Next Steps

- ▶ Focus on the matrix definition
- ▶ Pivoting preserves TUness
- ▶ Regularity of 2-sum
- ▶ Additional tools for TUness
- ▶ Regularity of 3-sum
- ▶ Improving API, bundling assumptions, more refactoring
